NOTHING BUT THE ADDRESS TO BE ON THIS SIDE.

Miss Grace Hall

Poorly St Jeffy is June 2nd
too tired to write any
longer tonight, so
my love must
wait till tomorrow
for her next. While
Cousin St was here
I could not write
the housework was
increased, and
the building never
let up worrying a
single minute.
Besides I had to go
to town, which of
course crowded
me, you know how
impossible it is for
Ch to entertain
herself. It is roasting
hot but I should be
quite happy if my
would stop writing
